Explanation of the Pool-Knockout System:

This elimination system combines the Round Robin (pool) system followed by a single elimination system (knockout). This system provides as many matches as possible to the contestants.

Competitors in each division are broken into pools of 2, 3, 4, or 5 players each and compete within their pool using the round robin system (each athlete competes against every other athlete in the pool.) The table on the previous page the number and size of pools for different size divisions.

After the round robin for each pool is completed, the top two finishers continue into a knockout bracket; the others are eliminated. The two competitors from each pool who continue on are placed in pre-determined positions in such a way that they will not meet again until a medal match. Pools are usually numbered A, B, C, etc. and those who continue on are designated A-1, A-2, B-1, B-2, etc. The top two finishers in each pool are placed in opposite halves of the knockout bracket; the halves in which they are placed are alternated between pools. For example, in a four pool system (pools A, B, C, D) the top two winners from each pool would be distributed as follows:

The top finishers from pools A and C are on the left side of the bracket and the top finishers from pools B and D are on the right side of the bracket.

In the above example, the players from each pool are placed in fixed positions within each half of the bracket: A-1 and D-2 are in the top half of the left side and A-2 and D-1 are in the bottom half of the right side, etc. The above pattern insures that the top finishers from each pool do not meet in the 1st round. The finalists will compete for the prizes.

These rules include, but are not limited to draw, weigh-in, length of contests, and competition procedures.

- **Determination of Weight Category:** Athletes are asked to make a **preliminary declaration** of weight on the entry form or at check-in/registration. However, in this tournament the athlete's actual weight at weigh-in will determine the category of competition, i.e. the athlete does not have to "make" the declared weight.
- **Shime-waza rule:** Shime-waza (choking) allowed in Juvenile A, B, and IJF-Junior categories only.
- **Kansetsu-waza rule:** Kansetsu-waza (arm locks) allowed in IJF-Junior & Juvenile B-(Cadet) categories only.
- **Injury Rule:** Decisions as to whether an athlete may continue if injured while on the mat, are to be resolved in accordance with IJF rules; such decisions occurring off the mat or not covered by the IJF rules, are to be made by the coach, the athlete, and the Team Doctor. If there is not a unanimous opinion among these three individuals, the athlete **may not** continue (Board-approved October 22, 1998.)
- **Match lengths:**

Bantam 1, 2, 3, Intermediate 1, 2, and Juvenile A:	3 minutes
Juvenile B (Cadet) and IJF Junior:	4 minutes
Golden score length for ALL divisions.	2 minutes
- **Judo gi color:** **In the IJF & Juvenile B (Cadet) category, the athlete must wear Blue Gi and White Gi by rules of the IJF.** In all other categories, USA Judo encourages the wearing of a Blue judo gi by the "blue" side competitor. The "white" side competitor must wear a white judo gi. Competitors are responsible for appearing in the correct color gi. Under no circumstances shall both competitors be allowed to compete in blue gis, nor will the blue and white competitors be allowed to switch positions. The gi jacket and pants must be the same color; no mixing of colors. In all matches where the both competitors are wearing white gis, both competitors will remove their grade belts and wear a blue or white belt to identify the contestant's designated color for the match.

COMPETITORS AND THEIR COACHES ARE RESPONSIBLE FOR PROVIDING THEIR OWN BLUE AND WHITE BELTS FOR THIS COMPETITION. THIS RULE WILL INSURE THAT THE BELTS FIT PROPERLY. PLEASE MARK YOUR BELTS WITH YOUR NAME OR CLUB.

- Divisions will be posted for coach/player inspection as soon as possible after the close of weigh-ins on each day. 1 hour later, any necessary corrections will be made, the draw will be performed, and brackets, with match numbers will be posted.
- Authorized coaches will be given admission onto the venue floor. One coach per contestant.
- **SEEDING OF ATHLETES, NATIONAL POINTS, DRAW PROCEDURES, AND SCHEDULING**
- In the IJF Junior & Juvenile B (Cadet) category **ONLY**, the top 4 athletes on the **USA Judo IJF Junior and Juvenile B(Cadet) National Rosters** will be seeded, according to the current USA Judo seeding procedures.

- The draw will be conducted by approved computer software and will be random with the provision that athletes from the same country will be separated as far apart in the pools as possible.
- The Texas Match Scheduling system will be used. Contestants will receive a card specifying their contest area number and match number. All contestants are expected to report to their assigned contest area 3 matches prior to their assigned match number

METHOD OF COMPETITION

1. Categories having five (5) Competitors or less: **Round Robin Pool** (every competitor competes against every other competitor). The order of finish is determined by number of wins, then, if tied, by total points (Ippon=10, Waza-ari=7, Yuko=5, Decision=1). If tied in wins and points, the winner of the head-to-head competition between the two who are still tied determines the winner. If three or more are still tied in wins and points for any place (first, second, or third), those contestants involved must contest again to determine the order of finish.
2. Categories having six (6) competitors or greater: **Modified Double Elimination**. Players are divided into two pools, A and B by means of a draw (described above.)
Determination of 1st and 2nd place: The "knockout" (single elimination) system is used to produce two finalists, who will compete for 1st & 2nd place.
Determination of 3rd - 5th place: All contestants who were defeated before the semifinals will compete in a consolation bracket (referred to as a loser's pool). Athletes will be placed in the loser's pool in a way that attempts to keep those who met in the "winners" pool from meeting again, although depending on the size of the division, this will not always be possible. The losers of the semifinals will fight the last two remaining players in the loser's pool. The winners of those two matches (2) will be placed 3rd, the losers (2) will be placed 5th.

NOTICE OF POSSIBLE TESTING FOR BANNED SUBSTANCES

For the IJF Junior (born 1993 - 1998) Categories only, testing, in accordance with procedures of the U.S. Olympic Committee may be conducted by the United States Anti-Doping Agency (USADA) - the independent testing agency for Olympic sports in the United States. Clarifications to IJF Junior Category:

1. The Pan American Judo Confederation (PJC) lightweight divisions, 44kg for women, and 55kg for men, will still be contested for PJC team selection purposes. Athletes whose weight would normally place them in these PJC divisions may elect to compete in the next higher weight divisions for Team selection purposes.
2. In 2013, for some PJC events, eligibility is restricted to athletes born in 1993-1995 only. Therefore, athletes who are nationally ranked in the IJF-Junior Category but do not meet the PJC year of birth requirements, will not be eligible for USA team selection in such events.
